### FREQUENTLY ASKED QUESTIONS

**Q. Who can join the program?**

A. Anyone with a E-commerce website.

**Q. Do I have to have a Website?**

A. Yes you do but if you don't have one and you're a Health Professional you can join our Health Professional Drop Ship Program and register on our website.

**Q. Do I have to take physical possession of the Inventory?**

A. No you do not, simply add our images to your site, collect the sales, send us the orders on the Sales Template sheet we provide you and we do the rest.

**Q. Is this the same as an Affiliate Program?**

A. No it is not, although we do offer an AP and the payout is a 10% commission, you can sign up directly on our site.

**Q. How much can I earn?**

A. You will earn a referral of \$7.00 for every case sold or 19% to 20.5% depending on what you sell.

**Q. When can I expect to collect my sales referrals?**

A. We pay out every month once you hit the minimum \$100.00 threshold.

**Q. How much product is in a case?**

A. We sell our product in a 5lbs bulk case which is enough to prepare 23 meals, so for a family of 4 that would represent 5 nights with leftovers or once a week for 4 weeks, for a couple it could easily provide 2 to 3 meals per a week, essentially the idea is to remove all simple carbs out of the weekly meal plan and replace with healthy CARBS.

100% SINGLE INGREDIENT LENTIL AND BEAN PASTA ON A REGULAR BASIS\***

# Bentilia Pasta made with 1 ingredient using the finest non-GMO Lentils & Beans

## TOP 9 HEALTH BENEFITS

25gr of Protein in every 3oz serving of dry pasta. 3oz of dry equals 6oz cooked and with a sauce you get a healthy 10oz serving

Each 3oz serving provides 45% of the DV for Fiber. Included is an important source of prebiotic fiber that helps maintain good Gut Health

Kid tested and 100% approved! With one 3oz serving a child will be eating 1 full cup of veggies without even knowing

Lentils and Beans are one of the lowest impact foods on blood sugar with a Glycemic Index of 31.

When consuming Lentils and Beans on a regular basis, we immediately experience weight loss, we eat less and unload unwanted waste faster.

Lentils and Beans have zero cholesterol, while helping to unclog important arteries.

With 25% protein, Bentilia pasta is the perfect solution for Vegans, when combined with a piece of wheat bread the combinations creates a Complete Protein equal to all meats.

The last of the last Mohicans, Lentils and Beans are not GMO and never will be, the American Pea, Lentil and Bean Counsel lobby hard to protect this precious gift from Mother Nature.

Bentilia pasta is naturally Gluten Free but not like other GF products, in fact the texture is remarkably close to true semolina wheat pasta, we have fooled and satisfied many Italians.
